

CASTROL AGRI GEAR PLUS

CASTROL AGRI GEAR PLUS is multi-purpose, extreme pressure gear oil that meets the requirements of API (American Petroleum Institute) gear oil classification API GL-5 and military specification MIL-PRF-2105E.

CASTROL AGRI GEAR PLUS is a multi-purpose gear oil that is formulated with high quality base oils and additives to provide excellent load carrying ability, extreme pressure performance, wear resistance, oxidation stability, anti-rust and anti-corrosion performance and anti-foam protection.

CASTROL AGRI GEAR PLUS is recommended for make-up and complete refill of most light truck and automotive conventional differentials, transmissions, and steering gears.

CASTROL AGRI GEAR PLUS is a multi-purpose, extreme pressure gear oil that is **thermally stable** and will provide transmission, differential, and other application protection beyond that specified for the current MIL-PRF-2105E, API GL-5 and MT-1 requirements. This thermal stability extends oil service life and reduces critical component wear.

CASTROL AGRI GEAR PLUS are recommended for the following applications:

MIL-PRF-2105E	API Service GL-5
API MT-1 (80W-90)	American Motors
John Deere Company	Chrysler Corporation
BMW	Clark Equipment Company
General Motors	Mack Truck
Dodge	Eaton
Euclid	Nissan
Ford Motor Company	Renault
Volkswagen	Rockwell International
Navistar	

Note: Castrol AGRI GEAR PLUS meets or exceeds other agricultural, automotive, construction, and other heavy-duty applications.

TYPICAL ANALYSIS

Part No.	3519
SAE Grade	80W-90
Viscosity @ 40° C, cSt	160.00
Viscosity @ 100° C, cSt	16.40
Viscosity @ 100° F., SUS	738.6
Viscosity @ 210° F., SUS	82.97
Viscosity Index	100
Flash Point, °C (°F.)	205(400)
Pour Point, °C (°F.)	-30(-22)
Gravity, ° API	28.0
Specific Gravity @ 60° F.	0.8871
Pounds Per Gallon	7.387
