Vecton Long Drain 5W-30 CK-4/SN
For longer useful oil life

Description
Castrol VECTON® Long Drain 5W-30 CK-4/SN is an advanced synthetic heavy duty diesel engine oil that is specifically engineered to deliver longer useful oil life. It is suitable for use in high speed 4-stroke diesel engines and is compatible with diesel engines fitted with EGR and the latest exhaust after treatment systems such as; DPF, DOC and/or SCR.

Advantages
Castrol VECTON Long Drain 5W-30 CK-4/SN with System Pro Technology™ is tested for extended drains up to 80,000 miles*. Utilizing System Pro Technology™, Castrol VECTON Long drain 5W-30 CK-4/SN delivers up to 45% extra performance reserve (EPR)**, giving you confidence in your maximum drain interval.

Castrol VECTON Long Drain 5W-30 CK-4/SN delivers proven cold start benefits to help prevent engine damage, reduce no-starts, improve battery & starter life.

All Castrol VECTON products are certified CO2 neutral according to the internationally applicable PAS2060 standard.

Modern trucks use new technologies to make as much as 30% higher torque, but this also means higher engine temperatures and pressures. This punishes the oil, pushing it closer to breakdown, and reducing its useful life and ability to extend drains. Castrol VECTON Long Drain’s System Pro Technology™ has been proven to safely extend drain intervals. Formulated with up to 45% extra performance reserve, System Pro technology fights oil breakdown by:
  - combating oxidation and deposits
  - neutralizing harmful acids
  - controlling oil aeration
  - adapting to increased temperatures, resisting viscosity loss through shear.

All of this means longer useful oil life, giving you the confidence in your maximum drain interval.

* Based on leading OEM maximum drain intervals with required oil analysis program. Actual oil drain depends on engine type, operating conditions, service history, OBD and fuel quality. Always consult your manufacturers handbook

** Compared to API and ACEA industry requirements and based on tests conducted on 81% of the Castrol VECTON range by volume based on 12 months sales up to March 2017

Product Performance Claims

- API CK-4/SN Plus
- CAT ECF-3
- Cummins CES 20086
- DDC DFS 93K222
- Deutz DQC IV-18 LA
- Mack EOS-4.5
- MB-Approval 228.51
- RVI RLD-3
- Volvo VDS-4.5

Storage

All packages should be stored under cover. Where outside storage is unavoidable drums should be laid horizontally to avoid the possible ingress of water and damage to drum markings. Products should not be stored above 60°C, exposed to hot sun or freezing conditions.
