

CASTROL PRODUCTSOLUTIONS
THE COMPLETE RANGE OF PRODUCT SOLUTIONS

RANGE

YOUR ADVANTAGE IN AN INDUSTRIAL WORLD

ENTER A NEW ERA OF EFFICIENCY WITH CASTROL PRODUCTSOLUTIONS

Correctly specified, properly set-up, and efficiently deployed metalworking fluids and lubricants will deliver the most economic value. This provides optimum performance with longer product and machinery life and maintenance intervals. Castrol is uniquely positioned to help you achieve this with Castrol ProductSolutions. It gives you the world's best-in-class range of metalworking fluids and lubricants backed by our worldwide application expertise to deliver the long term savings needed to maintain and even increase your competitiveness.

It is Castrol's aim to make you more competitive by providing the right product and advising you on the best way to use it.

From traditional oils and water-based emulsions to high-performance full synthetic metalworking products, and from industrial lubricants to high value, high performance products, Castrol has the expertise you need.

CASTROL PRODUCTSOLUTIONS
THE COMPLETE RANGE OF PRODUCT SOLUTIONS

YOUR ADVANTAGE

Castrol consistently delivers improved productivity and cost savings, to give customers worldwide the performance advantage they expect from a leader

One hundred years of world leadership in metalworking fluids and lubricants, provides Castrol with extensive applications expertise to bring you the advantage. A comprehensive range of best-in-class products and services, enhanced by unique technology platforms and enablers, allows our customers to sustain this advantage.

HEALTH, SAFETY AND ENVIRONMENT

Putting words into action

At Castrol, we make sure that all our employees, contractors and distributors are well informed, well trained, engaged and committed to the HSE improvement process. We recognise that safe operations depend on competent people and an active HSE culture. Castrol fully participates in hazard identification and risk assessments, assurance audits and reporting of HSE results. We also help others to share in our understanding of this important subject. Castrol is uniquely capable of providing a wide range of services from training and technical advice to setting up standards for customer HSE policy and practices.
